

A pink children's bicycle with a brown seat and white fenders with pink floral patterns is the central focus. It is parked in a cluttered garage or workshop. In the background, there are wooden shelves filled with various items like paint cans, plastic containers, and tools. A wooden board with a hole is leaning against the shelves. To the right, another bicycle is partially visible. The overall scene is a typical home storage area for bicycles and tools.

## ANWB zoekt 15.000 gebruikte fietsen

**Zodat elk kind in Nederland meters kan maken.**
