Gids Erkende campings 2024

Despite the enormous growth in digital information, the ANWB camping guide remains a must have for many Dutch and Belgium campers. The guide Erkende Campings contains extensive information about more than 4,200 European campsites that are classified with three stars or more by ANWB.

Popular with young and experienced campers

For each campsite, it is shown in detail which facilities the campsite has to offer and how these are appreciated by the ANWB inspectors. The guide is often used by campers who are preparing their trip or on the way to search for campsites on the spot. The guide is used by both older and novice young campers. Make sure your campsite gets extra attention in this guide!
